This Appliance example is just for fun. Not recommended for actual production. (Added here because someone will think about weaponized appliances.)

LexTurret01 – Smelly Paintball Defense Unit

LexTurret01 is a non-lethal, LexTML-enabled deterrent unit equipped with S.P.P. (Smelly Paintball Pellets). Designed for emotional and sensory-based defense, it delivers high-impact disgust round with zero fatality risk. Ideal for smart homes, secure compounds, and the emotionally expressive fortress owner.

Ammo Types: S.P.P. Rounds (Smelly Paintball Pellets)

Variant	Description	Effect
SPP-S	Sulfur + Sriracha	Panic, regret
SPP-G	Garlic + Gym Sock	Humiliation, nausea
SPP-T	Tuna + Talcum	Confusion, despair

LexTML Behavior Profile

Intruder Detected:

<LXd:FR4a-engage+warn@intruder+method=nonlethal>

Target Lock + Round Prep:

<LX:TR2r-confirm+aim@intruder+ammo=SPP-S>
